

Dear Parents

March 31 2021

I hope this letter finds you and your loved ones in good health and safe.

This is the time of year that our team typically distributes school uniform guides and shopping information to our customers to prepare them for back-to-school September school uniform programs. We remain optimistic that full scale in class back-to-school 2021 will happen. We have begun the process to re-vision what this experience will be like, post COVID-19.

Given the current circumstances the school uniform buying experience will continue this year as an online platform.

We took into account: safety, ease of procuring your child's uniform and cost savings.

To proactively get ahead of these shifts, we are pleased to share the following:

*****Please visit our upgraded E store to preregister. www.neatuniforms.ca. Video guide available to assist you through the process.***
